*Associate Dean of Curriculum*

**Rick Casner**  
*Associate Dean - Firearms Programs*

**James McDanolds**  
*Program Chair - Uncrewed Technology*

# TRACI LEE

SDI President

## Message from SDI President, Traci Lee

Hello and welcome to the Sonoran Desert Institute graduation ceremony! Knowing we have students all over U.S., and potentially beyond, SDI hosts ceremonies virtually to optimize the opportunity for all of our eligible graduates to participate in this event. I think I speak for all our staff and faculty when I say that seeing our students combine their passion for firearms and drones with a college level education is tremendously rewarding and demonstrates something that is unique to SDI!

We are pleased that you all have chosen to participate in this ceremony to commemorate your personal achievements and I personally welcome each of you to this virtual commencement event to honor this educational milestone! It's a major accomplishment that comes with a significant commitment of time and effort from each student and the support from family, friends, and others that may have made compromises during your studies.

Today, we are recognizing our graduates for completing the requirements associated with each program of study and any honors received as a part of this achievement! Congratulations on your educational accomplishment and our sincerest wishes for your ongoing success in the opportunities that lie ahead!

# JARRED MCNEELY

---

Chief Academic Officer

## Message from Chief Academic Officer, Jarred McNeely

Graduates, congratulations on the completion of your education, and welcome to many new opportunities. Today marks the celebration of your dedication, hard work, tenacity, and commitment. You join a group of individuals in various locations. But while this group may be spread over great geographical distances, you all embody the spirit of accomplishment that is reserved for those who seek to further their education. Remember that education is always a door opened and a world expanded. Walk through the door, and remember, no matter where you may be, an open mind is a mind always learning.

Education is also a personal experience for each of you that will lead you to new endeavors or greater things to learn. I admire each of you and look forward to what you will accomplish with your newly learned skills and knowledge. I encourage you to find your place and accomplish your goals in these growing industries.

# TALON JAYNE

Founder, Tradesman Firearms LLC  
SDI Alumn

Talon Jayne is a 20-year veteran of the United States Army. He has completed two combat deployments to Iraq and has been stationed across the country. He graduated from Liberty University in 2021 with a bachelor's degree in Business and Computer Science and earned an associate degree in Firearms Technology from Sonoran Desert Institute in 2023.

Talon currently serves the United States government as a civilian, writing contracts for the Montana National Guard. After graduating from SDI, he founded Tradesman Firearms LLC and has been working as a gunsmith serving Southwest Montana. He also launched a YouTube channel under the same name, with the goal of helping others enter the firearms industry.

# AARON MITTAN

2025 DEAC Outstanding Grad

Aaron is currently a Firearms Trainer and has initiated a program offering free firearms training to his community, aiming to make it more accessible. He was motivated to give back because firearms courses can be prohibitively expensive. His background includes working at a previous FFL (Federal Firearms License holder).

He also founded Force Multiplier LLC, where he focuses on combat development. Aaron believes that both gear and training contribute to how civilians can be empowered to handle day-to-day situations effectively. One of his most popular classes is 'How to Safely and Effectively Store Firearms in a Home,' which emphasizes preventive measures and early deterrence to avoid defensive scenarios. He also offers Concealed Carry classes, stressing that familiarity with firearms is key to overcoming fear and building confidence.

Aaron is currently an inactive reservist, having served in combat in Afghanistan. He joined the military in 2012 and spent two years on active duty. He decided to attend SDI using the GI Bill after a referral from someone he worked with at a gun shop. He saw it as an opportunity to explore an unfamiliar aspect of the firearms industry, as he had previously worked in retail before changing careers.
