TRACI LEE

SDI President, Chief Executive Officer

Message from SDI President and Chief Executive Officer, Traci Lee

Hello and welcome to the Sonoran Desert Institute graduation ceremony! Knowing we have students all the over U.S., and potentially beyond, SDI hosts ceremonies virtually to optimize the opportunity for all of our eligible graduates to participate in this event. I think I speak for all our staff and faculty when I say that seeing our students combine their passion for firearms and drones with a college level education is tremendously rewarding and demonstrates something that is unique to SDI!

We are pleased that you all have chosen to participate in this ceremony to commemorate your personal achievements and I personally welcome each of you to this virtual commencement event to honor this educational milestone! It's a major accomplishment that comes with a significant commitment of time and effort from each student and the support from family, friends, and others that may have made compromises during your studies.

Today, we are recognizing our graduates for completing the requirements associated with each program of study and any honors received as a part of this achievement! Congratulations on your educational accomplishment and our sincerest wishes for your ongoing success in the opportunities that lie ahead!

JARRED MCNEELY

Vice President of Academics

Message from Vice President of Academics, Jarred McNeely

Graduates, congratulations on the completion of your education, and welcome to many new opportunities. Today marks the celebration of your dedication, hard work, tenacity, and commitment. You join a group of individuals in various locations. But while this group may be spread over great geographical distances, you all embody the spirit of accomplishment that is reserved for those who seek to further their education. Remember that education is always a door opened and a world expanded. Walk through the door, and remember, no matter where you may be, an open mind is a mind always learning.

Education is also a personal experience for each of you that will lead you to new endeavors or greater things to learn. I admire each of you and look forward to what you will accomplish with your newly learned skills and knowledge. I encourage you to find your place and accomplish your goals in these growing industries.

TALON JAYNE

Founder, Tradesman Firearms LLC
SDI Graduate

Talon Jayne is a 20-year veteran of the United States Army. He has completed two combat deployments to Iraq and has been stationed across the country. He graduated from Liberty University in 2021 with a bachelor's degree in Business and Computer Science and earned an associate degree in Firearms Technology from Sonoran Desert Institute in 2023.

Talon currently serves the United States government as a civilian, writing contracts for the Montana National Guard. After graduating from SDI, he founded Tradesman Firearms LLC and has been working as a gunsmith serving Southwest Montana. He also launched a YouTube channel under the same name, with the goal of helping others enter the firearms industry.

CHARLES LOVELACE

2026 DEAC Outstanding Grad

Charles "Chuck" Lovelace is a Disabled US Army Veteran who focused on logistics and small arms repair as well as marksmanship instruction. He concluded his active duty in 2013 and subsequently established Essential Shooting Supplies, LLC in Mount Horeb, WI. Beginning with a modest 450 square foot retail space, he and his family expanded the shop to provide more than just retail services, including Gunsmithing, Custom Ammunition Manufacturing, Concealed Carry, and NRA Certified courses across all disciplines except for shotgun. In 2020, he and his wife Jennifer moved their shop 175 miles north to Park Falls, WI, into a facility that boasts a spacious retail area along with a gunsmith and reloading shop, now totaling 3500 square feet. Chuck takes pride in the fact that, alongside his wife, eldest son, and father, they represent three generations of their family collaborating in their family-owned business.

Chuck graduated in 2012 from Colorado Technical University with a Bachelor's degree in Business Administration-IT Management, completed an Associate of Firearms Technology with Honors at Sonoran Desert Institute in 2020, and recently completed the Handgun Specialist Certificate course at Sonoran Desert Institute in 2025. He is a member of the SALUTE National Honor Society for Veterans. An enthusiastic advocate for Suicide Prevention, he was the first shop in Wisconsin to adopt the Gun Shop Project ideologies and is the creator of the Safe Storage program, which provides free firearm storage for individuals or their loved ones during times of crisis. This initiative was embraced by the Zablocki VA Hospital in Milwaukee WI, and is now available in over 40 gun shops statewide under the Live Today - Put It Away banner.
