Mobile Applications

Mobile applications for certain learning platforms, for example, Canvas and Panopto, may be available through the Apple App Store or Google Play Store. While these applications can provide convenient access to some course content, Sonoran Desert Institute has not independently verified the availability or reliability of all features and functionality within these mobile applications. To ensure full access to course materials, assignments, assessments, and other learning activities, students are strongly advised to access the online classroom and course media using a supported internet browser.
