At Sonoran Desert Institute, we are committed to our students’ success by creating unique academic programs that add value to their lives. One of the innovative ways we accomplish this is by developing significant and relevant relationships with industry leaders. These collaborative partnerships are an essential part of our mission as well as a key to the resulting academic achievement of our students.

Our partners generously offer many services and products at a discount to Sonoran Desert Institute students. As a result, these strategic associations directly benefit our students by enhancing their learning experience. And because this participation involves such well respected industry leaders, our students gain the expertise they need to succeed in their chosen careers.

It is with great pride that Sonoran Desert Institute recognizes the following prestigious companies for their contribution to the overall success of our students. We are grateful to have them partner with us as we help our academic community build a brighter tomorrow.

All discounts are subject to availability and verification of student status. Please contact the SDI Partner directly for more information on their offer or discount.
1776 UNITED

1776 - The year of independence of the United States of America—the land of the free and the home of the brave. Our dream is to inspire a new wave of patriotism that might lead to the next Greatest Generation. We aim for the clothing we create to embody the many chapters of American history. Each shirt we print is a cotton reminder of who we are, where we live, and how proud we should be. When you wear one of our shirts, you’re letting people know that you’re not afraid to love your country; You’re not ashamed of being an American.

BLACK WIDOW ARMAMENT, LLC

Black Widow Armament is a growing company that started off manufacturing improved receiver end plates for the AR15/M4 rifle in 2010. We have expanded, manufacturing a number of other parts as well as preparing a launch for limited numbers of Black Widow rifles. Black Widow also launched Widow Wear, a U.S. made shirt company that keeps Americans working, and revitalizing U.S. manufacturing around the country by supporting U.S. companies with the same mindset.

The SDI student will have an opportunity to visit the shop and gain a rounded understanding of the manufacturing process from individual parts, to assembly of AR15 rifles.

SHILCO INDUSTRIES

Schilco Industries’ goal is to provide our customers with quality products, at a decent price. We NEVER practice price-gouging. It does not make sense for us to take advantage of our customers, in order to make a dollar. If you are satisfied with your purchase, please tell others, and choose us for your next order. Even if it’s not listed on our website, we can still get it.

STRONGSUIT INC.

We pre-curve the fingers in all of our styles. Since ours are pre-curved, they fit more naturally and work with the way your hands should be, not against them. We utilize a unique material in our palms on all styles ending in “TAC”. This material is lightweight and gives you a true sense of feel for what you are working with. It is non slip and also, maybe more importantly these days, is touch screen compliant. It’s so comfortable you can wear it all day long with no discomfort.
